GENERAL INFORMATION

SLOVENIA

The country of Slovenia lies in the heart of the enlarged Europe. It has a border with Italy, Austria, Hungary and Croatia. The capital Ljubljana is a modern, fresh, young, creative and surprising city.

Slovenia, a green and diverse country between the Alps and the Mediterranean, boasts all the beauties of the Old World. When you want to experience Europe in one stroke, come to Slovenia. In just 20,273 square kilometres there are snow-covered mountains, a sea coast bathing in the Mediterranean sun, beautiful karst caves and thermal springs, narrow white-water canyons and wide slow moving rivers, high mountain lakes and lakes that disappear mysteriously underground at the start of summer, ancient villages and medieval cities, the antique castles and modern entertainment, countless vineyards with top quality wines, and the only primeval forest in Europe. Here in this small and easily covered area, where hundreds of birds migrating south make a briefly stop and where dozens of unique indigenous plants find their home, more diverse experiences await you all year round than can be found anywhere else.

Its rich history reaches back to the Stone Age, but the city experienced its greatest flowering in the Roman period. The name originated in the times of Emperor Trajan, who granted the settlement city status and named it Colonia Ulpia Traiana Poetovio. In 69 A.D., Emperor Vespasian was elected in Ptuj, and the first written mention of the city of Ptuj is from the same year.
